

IT Act 2000

Information Technology Act, 2000

Information Technology (IT) Act, 2000

User Query :

I am involved in a court case and have WhatsApp messages, emails and screenshots that support my version of events. The other party says that screenshots can be edited and should not be relied upon. The original messages are still on my phone and the emails remain in my account. What legal provisions govern whether these electronic records can be used as evidence?
